Let me know which RSLs to include. Eco are not yet final as there are some calculations based on hardness we are waiting for.

We can send a table. Deb? Are they final or does that not matter?

Terry,

Please pass this information to your EOC.

Today, you have one workbook with 3 worksheets for each Region. Within a few days you will have just one data table. What did you think of the queries we went yesterday? Did they help? When the EUs let us know their standards, we could add them back in.

Deliberative Process/Ex. 5

Please help us identify inconsistencies and things to make the data better. We are finding a rhythm.
